EDUCATION

Bachelor of Engineering in Artificial Intelligence & Machine Learning
City Engineering College, Bengaluru

CGPA: 8.15
2026

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, C (Basic)
- **Frontend:** React.js, HTML5, CSS3, JavaScript
- **Backend:** REST APIs, FastAPI, JWT
- **Databases:** MySQL, MongoDB
- **Emerging Technologies:** Machine Learning, AI Fundamentals
- **Development Tools:** AWS, Git, GitHub

INTERNSHIP EXPERIENCE

FULL STACK DEVELOPMENT | DHEE CODING LAB

[Feb 2026 – May 2026]

- Built full-stack web applications using React.js, FastAPI, and SQL databases.
- Integrated user authentication, CRUD operations, and database connectivity to support dynamic web applications.
- Performed debugging and optimization to improve application functionality and user experience.

IMAGE CLASSIFICATION USING MACHINE LEARNING | EDUNET FOUNDATION

[Dec 2024 – Jan 2025]

- Built machine learning models for image classification using Python.
- Applied data preprocessing, feature engineering, and model training techniques.
- Analyzed dataset patterns and evaluated model accuracy using standard metrics.

PROJECTS

GREEN BRIDGE – DIGITAL MARKETPLACE | Full Stack Web Development Project

Technologies Used: HTML, CSS, JavaScript, Node.js, MongoDB, Multer, Nodemailer, Gmail SMTP.

- Developed a full-stack marketplace connecting farmers and buyers using Node.js, MongoDB, and JavaScript.
- Enabled secure authentication, crop management, buyer requests, file uploads, and automated email notifications.
- Built a responsive web application with efficient database integration for seamless data management.

LIVINGHUB | Smart Apartment Community Management Platform

Technologies Used: React.js, FastAPI, Python, JWT, RBAC, SQLAlchemy, MySQL

- Developed RESTful APIs using FastAPI and SQLAlchemy for apartment management services.
- Implemented secure user authentication and authorization using JWT and Role-Based Access Control (RBAC).
- Managed modules including bills, visitors, complaints, notices, polls, amenities, and lost & found.

TECHNICAL EXPERTISE

- Proficient in Python with strong knowledge of OOP, exception handling, and modules, with hands-on experience in FastAPI development.
- Hands-on experience with React.js, developing reusable and scalable components using Hooks, Context API, React Router, custom hooks, and state management.
- Experienced in developing RESTful APIs using FastAPI with SQLAlchemy, MySQL, JWT authentication, and Role-Based Access Control (RBAC).

INTERPERSONAL SKILLS

- Detail-oriented, adaptable, and focused on creating user-friendly and visually engaging experiences.
- Strong communication, teamwork, and problem-solving skills with a creative mindset inspired by artistic and design-oriented thinking.

CERTIFICATIONS

- **FULL STACK DEVELOPMENT USING PYTHON** | DHEE CODING LAB
- **AWS Cloud Computing** | CLOUD FOUNDATION
